## MY GRANDAD HAS DIED

  has  died

 People can  die for different reasons.

When  my  grandad  died his  body stopped  working.

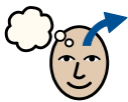

A  dead person  cannot breathe,

A  dead person  cannot see or  hear.

 They  do not feel any  pain.

 I  cannot see my  granddad again.

This is very  sad for my  family.

 I can still  love +  remember my  grandad.

 It is ok to  talk about my  grandad.

 People  may have different  feelings after  someone  dies.

 sad  angry  confused  worried  lonely  numb  strange.

 It's ok to have different  feelings +  questions.

 I can  ask  someone  I know for  help.
